

Lake Ride Pros

Camden County Treatment Court Transportation

COORDINATOR OPERATIONS GUIDE

Review requests. Keep rides moving.

A practical guide to the coordinator portal: reviewing the queue, responding to participant actions, submitting requests on behalf of participants, and monitoring program activity.

1. Review

Prioritize pending requests, needs-attention items, and active ride actions.

2. Coordinate

Acknowledge, request information, decline, or process change and cancellation actions.

3. Report

Monitor participant activity, program costs, exports, and invoice records.

Open the coordinator portal

Updated

August 2026

1. Sign in and know your role

Coordinator access is approval-only. Sign in with the approved mobile number connected to your coordinator profile and the six-digit code sent by text.

CAMDEN COUNTY TREATMENT COURT

Transportation requests, all in one place.

Submit transportation requests, track their status, and communicate with the transportation team through one secure portal.

-  Sign in securely with a one-time code sent to your mobile phone
-  Submit requests using approved pickup and destination locations
-  View request status, confirmed trip details, and messages

Sign in to your portal

Enter the mobile number associated with your Treatment Court transportation access.

1
Mobile phone number

(555) 555-1234

Standard message and data rates may apply.

Text me a code →

2

Need help signing in? Contact your Treatment Court coordinator or Lake Ride Pros support.

The same secure sign-in page routes approved users to the correct participant or coordinator view.

1

Enter your approved mobile number.

Use the number assigned to your coordinator access.

2

Select "Text me a code."

Enter the six-digit one-time code from the SMS.

3

Use the coordinator navigation.

Coordinator, Participant snapshots, and Request for a rider are your primary work areas.

4

Sign out when finished.

This is especially important on any shared phone, tablet, or computer.

Role boundary: Coordinator access includes confidential participant, ride, cost, and reporting information. It does not grant access to unrelated Lake Ride Pros operations or customer records.

2. Start with the transportation overview

The coordinator dashboard is the daily starting point for request volume, urgent work, program spending, and the filtered request queue.

Example screen uses sample participant, request, and cost information.

1

Read the summary

Check Pending, Needs attention, Confirmed, month-to-date, and contract-to-date totals.

2

Filter the queue

Search by participant/reference or filter by request status and active action.

3

Open the work

Select View details to review the route, timeline, messages, action history, and available next step.

Suggested priority: Needs attention → pending requests approaching their review target → active change/cancellation actions → acknowledged requests still waiting for scheduling.

Return call when ready

Example screen. Available controls change with the request's current status and active action.

Pending

Review the request. A coordinator may acknowledge it, request more information, or decline it.

Acknowledged

The request has been reviewed and processing/scheduling is underway.

Needs information

Add a clear participant-visible question. A participant reply becomes Information received for review.

Confirmed

An actual Lake Ride Pros trip has been scheduled and linked to the request.

Acknowledged is not Confirmed. Never tell a participant the ride is confirmed solely because the request was reviewed. Confirmation occurs only after Lake Ride Pros schedules and links the actual trip.

Change requested

This action is waiting for coordinator review. The original ride stays visible here.

1

Acknowledge change **Decline change**

Acknowledge an action when review begins; complete it only after the operational change is finished.

Acknowledge

Tells the participant the action was reviewed and is now being processed.

Complete

Use after the requested change is finished. Completing a cancellation moves the ride to Cancelled.

Decline

Restores the prior ride status. Add a clear participant-visible explanation.

Companions

Choose the approved participant first so the correct pickup locations become available.

1**Select the approved participant.**

The portal records that the coordinator submitted on the participant's behalf.

2**Complete the ride details.**

Ride type, date, pickup time, required-arrival time, and one-way/round-trip direction are required.

3**Use approved locations.**

Select the participant's approved pickup and a managed destination.

4**Submit and track it.**

The request begins Pending and follows the same review and confirmation process.

Location not listed? Submit it for Lake Ride Pros approval. The location cannot be used until approved, and submitting the location does not guarantee transportation there.

6. Use participant snapshots and reporting

Participant snapshots combine the approved profile, Treatment Court information, ride accountability, approved locations, program costs, and the final separate-personal-transportation indicator.

Participant snapshots

- ✓ Filter program-to-date, current month, previous month, or custom dates
- ✓ Review phase, scheduled/completed/cancelled rides, no-shows, and cancellation rate
- ✓ Review coordinator-only cost and approved profile/location details

Program reporting

- ✓ Export the currently filtered request queue to CSV
- ✓ Use month-to-date and contract-to-date spending from trip records
- ✓ Review monthly invoice records when issued; payments are not processed here

Data timing: Ride activity and costs come from Lake Ride Pros trip records and may take up to 15 minutes to appear after an operational update.

COORDINATOR QUICK REFERENCE

Make every handoff clear

The coordinator portal manages requests and accountability. Lake Ride Pros remains the source of truth for the scheduled trip and its operational status.

Review daily

- Needs attention and information received
- Pending requests approaching the review target
- Active changes and cancellations
- Acknowledged requests waiting for scheduling

Communicate clearly

- Use participant-visible explanations when required
- Ask one clear question when information is missing
- Keep the shared conversation operational and necessary
- Do not promise confirmation before the linked trip exists

Protect participant data

- Use coordinator information only for authorized program work
- Do not share screenshots, CSV exports, or participant details
- Keep unnecessary medical information out of notes/messages
- Sign out on shared devices

Escalate correctly

- Portal conversations are for non-urgent request communication
- Use the configured urgent-support path for immediate ride help
- Portal messages are not monitored for emergencies
- Emergency or immediate danger: call 911

lakeridepros.com/camden-county

Coordinator, Participant snapshots, and Request for a rider are your primary work areas.

Never bypass the confirmation boundary: Acknowledging a request means it was reviewed. Confirmed means an actual Lake Ride Pros trip has been scheduled and linked. A change or cancellation also remains pending until it is operationally completed.

General Lake Ride Pros help: (573) 206-9499 · contactus@lakeridepros.com. Use the portal's configured urgent-support action for immediate ride assistance.
