Choose approved locations

Important: Submitting a request does not guarantee transportation. The ride is confirmed only after Lake Ride Pros completes scheduling and the portal shows **Confirmed**.

3. Get the request right the first time

A complete request helps the team review and schedule your transportation faster.

Advance notice

Read the notice shown after choosing a ride type. Some appointments may require advance notice. Same-day drug-test requests may be allowed, but they are not guaranteed.

Pickup vs. arrival

Enter both when you want to be picked up and when you must arrive. Lake Ride Pros may adjust pickup timing while scheduling.

Location not listed?

Select **Ask for another approved location**. The location cannot be selected for a ride until it has been reviewed and approved.

Possible duplicate?

If another request exists for a similar date and time, the portal will warn you. Submit another only if it is truly a separate ride.

Before you select "Submit request"

Do include

- ✓ The correct appointment date and arrival time
- ✓ Whether you need one-way or round-trip service
- ✓ A companion count, if applicable
- ✓ Useful pickup instructions, such as an entrance

Do not include

- ✓ Diagnoses or unnecessary medical information
- ✓ An unapproved address in the notes field
- ✓ Multiple ride dates in one request
- ✓ An emergency or immediate dispatch request

One ride date = one request

Need the same ride again? Open the prior ride and use Duplicate request, then choose a new date and time.

Late / urgent requests: The portal may still allow a request after the normal cutoff, but it will be marked late / urgent and fulfillment is not guaranteed.

5. Review, message, change, or cancel

Open any request with **View details**. A confirmed ride can show the pickup, arrival time, route, driver, and vehicle when available.

The screenshot displays the 'My rides' section of the Lake Ride Pros Participant Portal. On the left is a sidebar with navigation links: 'My rides', 'New request', 'History', 'Profile', and 'Sign out'. The main content area shows a ride request with ID 'CC-20260825-0038' titled 'Drug test', which is in a 'Confirmed' status (indicated by a green circle with the number 1). Below the title, the 'Request details' section includes: 'RIDE DATE' as 'Aug 29, 2026'; 'TIMING' with 'Pickup 10:00 AM' and 'Arrive by 10:45 AM'; and 'ROUTE' from 'Home' (214 Walnut Street, Camden, MO 64017) to 'Camden County Courthouse' (1 Court Circle, Camden, MO 64017). At the bottom of this section are three buttons: 'Duplicate request', 'Request a change', and 'Request cancellation'. A second green circle with the number 2 is placed over the 'Request cancellation' button. Below this is the 'Confirmed trip details' section, which includes a note about updates and a 'SCHEDULED TRIP' card showing 'Confirmed' status and 'Driver: Chris'. A third green circle with the number 3 is placed over the 'Confirmed' status.

Example screen. Driver and vehicle details are also sent by text when available.

Duplicate request

Prefills a prior ride. You still choose a new date/time and submit a new request.

Request a change

Choose the reason and explain what changed. The original ride stays visible while reviewed.

Request cancellation

Choose the reason. The ride is not cancelled until the action is processed.

A request is not an immediate change. After a ride has been acknowledged or confirmed, changes and cancellations must be reviewed. Watch the action status until it is completed.

Use the request conversation for non-urgent questions. Messages are text-only, cannot be edited or deleted, and are not monitored for emergencies or immediate dispatch assistance.
